MULTIMEDIA GRAPHIC DESIGN

Associate of Applied Science Degree

Arts, Communication & Design Pathway
CCD.edu/Graphics

Graphic Design

The Associate of Applied Science in graphic design provides the skills necessary for entry into the field of graphic design. The graphic design profession involves graphic and advertising design, illustration, and digital media production. The CCD graphic design program helps you develop the basic skills for entry into the profession.

As a successful graduate of this program, you will enjoy a career in branding, publication design, Web design, advertising, package design, or environmental graphic design, where creative typography and images are needed to move ideas and information.
