ELEMENTARY EDUCATION

Associate of Arts Degree

Education Pathway CCD.edu/Elementary-Ed

Elementary Education Transfer Major

The following courses represent the statewide transfer agreement between the Colorado Community College System and all Colorado four-year institutions offering elementary education teacher preparation programs.

The first 41 credit hours are common for all transfer institutions. The final 19 elective credits must be determined with the assistance of your academic advisor as they are specific to the receiving institution. ENG 1021 must be completed with a grade of B or better for transfer. The four-year college or university will accept all credits in your education graduation agreement earned within 10 years of transfer. Courses earned more than 10 years earlier will be evaluated on an individual basis. Contact your academic advisor to select appropriate electives.

COURSE MAP

University of Colorado Denver

University of Colorado Boulder (contact an education advisor at edadvise@colorado.edu with questions or clarification on elective choices)

University of Colorado Colorado Springs

University of Northern Colorado

Western Colorado University Adams State University

Some educator preparation programs require a B- in ENG 1021 as an admission requirement. However, a C- or better guarantees the general education GT-CO1 requirement has been met.

Completion of MAT 1220 & MAT 1230 with a C- or higher will satisfy the GT- Pathways math requirement at some institutions but not all. At the receiving institution's discretion, students may be asked to complete a GT-MA1 approved course.

This program does not align to the Colorado Mesa.

Note: The faculty at Community College of Denver have chosen course elective options for this program of study based on the skills students will need to be successful in this discipline. However, for a complete list of available course options, please go to the Colorado Department of Higher Education Transfer Degree Agreement for this program.

Metropolitan State University of Denver
